

Final Presentation on 17th & 24th (30%)

- 15-minute oral presentation using powerpoint. Email your ppt file to me or use the memory stick to transfer. There must be one **outline** slide in the beginning and one **summary** slide in the end. **References** must be indicated next to your viewgraphs. The speaker of each group is determined by the **draw** in class, meaning that you will not get the grade for your final presentation if you don't show up.
- 5-10 pages (using A4 paper) for your written report. The report should contain the **Abstract**, the main body of your report, the **Conclusion/Summary**, and the **References**. The references must be labeled with numbers to be **cited in the text**. Email me your final report by **Jan 24th, 2007**.
- Your grades for the midterm and the past 2 reports are being posted on my website. Please check it for any typos. Bring your papers to me during the class meeting time if there is any inconsistency.
