

Lovis 2000ME and DMA5000M Training Checklist

Application Date: Old Users

Training Date:

Name: Lab PI: Affiliation:

Position: Phone: E-mail:

Sample (5mL):

Buffer components:

Protein DNA polysaccharides Nanoparticles

others _____

Training checklist:

- I have read "Lovis 2000ME Microviscometer & DMA5000M Density Meter User's Guideline" and will follow the rules therein.
- M111 class lectures
- M111 hands-on course
- Instruction Manual of Lovis 2000ME Microviscometer
- Instruction Manual of DMA5000M Density Meter
- Reservation procedure.
- Powering up and shut down process of the instrument.
- Change temperature
- Automatic sample fill
- Manual sample fill
- Partial specific volume measurement
- ddH₂O viscosity at 20 °C _____
- ddH₂O density at 20°C _____
- Capillary cleaning process

- Manager signature:

I certify that I have received the training sections specified in the training checklist above.

Signature: _____

Date : _____
