

TIGP Bioinformatics Ph.D. Program

Taiwan International Graduate Program, in collaboration with National Yang Ming Chiao Tung University, National Tsing Hua University, and National Taiwan University.

Contact: Ms. Jhih-Rou Lai, Institute of Information Science, (02)2788-3799#2356, tigpbio@gate.sinica.edu.tw

Bioinformatics is the integration of Information Science, Statistics, and Biology.

Bioinformatics is the integration of three important sciences of the future: Info. Sci., Stat., and Biology.

Application deadline

• February 1st, 2023
GMT+8 Time Zone

Why TIGP Bioinformatics Ph.D. Program?

- All English teaching and research environment
- World-class research
- Inter-disciplinary learning and research

Competitive Fellowship

- NT\$34,000 (~US\$1,133) / Month
 - Up to 3 years (merit-based for 2nd & 3rd year)
- AS-TIGP Research Progress Fellowship
AS-TIGP Studying Abroad Program

Research topics

- Bioinformatics and Computational Biology
- Biological knowledge discovery
- Analysis and management of biological big data

Requirements

- MS in biology, computer science, statistics or related areas
- Official transcripts
- Fluency in English
- Statement of purpose
- Three letters of recommendation
